nov 25 2014 i have seen the use of gt percent greater than percent function in some packages like dplyr and rvest what does it mean is it a way to write closure blocks in r

a carriage return r makes the cursor jump to the first column begin of the line while the newline n jumps to the next line and might also to the beginning of that line

may 28 2021 i have recently come across the code gt in r it is a vertical line character pipe followed by a greater than symbol here is an example mtcars gt head what is the gt code

there are some differences between and in the past version of r or even the predecessor language of r s language but currently it seems using only like any other modern language python java
