20th century ambient details a crucial period in which ambient music became a fully realized idea and is secretly one of the most popular genres in the world it wasn't until the 20th century that it became a defined genre this book walks through ambient's ambiguous timeline to uncover not just the genre's evolution but to understand why it resonates so deeply with the human spirit from erik satie's classical compositions hidden histories in blues and dub music innovations by brian eno and alice coltrane all the way through modern artists spearheading ambient in the still early 21st century provided by publisher

brian eno's seminal album ambient 1 music for airports continues to fascinate and charm audiences not only as a masterpiece of ambient music but as a powerful and transformative work of art author john t lysaker situates this album in the context of twentieth century art music where its ambitions and contributions to avant garde music practice become even more apparent

tone and atmosphere provides a primer to contemporary ambient music

turn on tune in drift off ambient music's psychedelic past rethinks the history and socioaesthetics of ambient music as a popular genre with roots in the psychedelic countercultures of the late twentieth century victor szabo reveals how anglophone audio producers and djs between the mid 1960s and century's end commodified drone and loop based records as ambient audio slow spare spacious audio sold as artful personal media for creating atmosphere fostering contemplation transforming awareness and stilling the body the book takes a trip through landmark ambient audio productions and related discourses including marketing rhetoric artist manifestos and interviews and music criticism that during this time plotted the conventions of what became known as ambient music these productions include nature sounds records experimental avant garde pieces space music radio psychedelic and cosmic rock albums electronic dance music compilations and of course

explicitly ambient music all of which popularized ambient audio through vivid atmospheric concepts in paying special attention to the sound of ambient audio to ambient audio's relationship with the psychedelic new age and rave countercultures of the US and UK and to the coincident evolution of therapeutic audio and head music across alternative media and independent music markets this history resituates ambient music as a hip highbrow framing and stylization of ongoing practices in crafting audio to alter consciousness compartment and mood in so doing turn on tune in drift off illuminates the social and aesthetic rifts and alliances informing one of today's most popular musical experimentalisms

this collection of essays has been assembled and developed from papers given at the ambient 40 international conference held in february 2018 at the university of huddersfield the original premise of the conference was not merely to celebrate eno's work and the landmark release of *Music for Airports* in 1978 but to consider the development of the genre how it has permeated our wider musical culture and what the role of such music is today given the societal changes that have occurred since the release of that album in the context of the conference ambient was considered from the perspectives of aesthetic influence appropriation process strategy and activity a detailed consideration of each of these topics could fill many volumes with that in mind this book does not seek to provide an in depth analysis of each of these topics or a comprehensive history of the last 40 years of ambient music rather it provides a series of provocations observations and reflections that each open up seams for further discussion as such this book should be read as a starting point for future research one that seeks to critically interrogate the very meaning of ambient how it creates its effect and how the genre can remain vital and relevant in twenty first century music making this work was published by saint philip street press pursuant to a creative commons license permitting commercial use all rights not granted by the work's license are retained by the author or authors

forfatteren gør i bogen op med den klassiske vestlige musikforståelse og hans hovedsigte er en væsensbeskrivelse af den ambient musik
