originally published in 1973 in this systematic treatise anthony quinton examines the concept of substance a philosophical refinement of the everyday notion of a thing four distinct but not unconnected problems about substance are identified what accounts for the individuality of a thing what confers identity on a thing what is the relation between a thing and its appearances and what kind of thing is fundamental in the sense that its existence is logically independent of that of any other kind of thing in part 1 the first two problems

are discussed while in part 2 the third and fourth are considered part 3 examines four kinds of thing that have been commonly held to be in some way non material abstract entities the un observable entities of scientific theory minds and their states and finally values the author argues that theoretical entities and mental states are in fact material he gives a linguistic account of universals and necessary truths and advances a naturalistic theory of value

many of us have particular things in our lives photographs paintings old letters books furniture jewellery or clothing that hold special meaning for us often they correspond to pivotal memories and can be central to our sense of self and our life narratives all the more so as we age things that matter sheds important light on the intricate intertwining of mementos with stories and vice versa in most people s lives the book explores the significance of cherished objects within the life stories of nine participants in a qualitative study of the links between reminiscence and resilience in later life the researchers who conducted the study represent a variety of fields including gerontology social work ministry nursing literature and education the book details how life stories can be fraught with a wide range of insights and questions from the memories that get stirred up as people embark on the process of life review prompted by the challenges and changes of aging shedding light on the complex emotional psychological and spiritual findings of the study things that matter ultimately reveals the intricacy of personal narrative and the incredible ways in which things and stories are interwoven in our lives over time

while being rooted in the academic discourse the things that really matter comprehensively explores the most fundamental aspects of human life in an accessible non technical language adding fresh perspectives and new arguments and considerations that are designed to stimulate further debate and in some cases a deliberate redirection of research interests in the respective areas it features a series of conversations about the things in our life that we all in one way or another wrestle with if we are at all concerned about what kind of world we live in and what our role in it is things like birth age and death good and evil the meaning of life the nature of the self and the role the body plays for our identity our gendered existence love and faith free will beauty and our experience of the sacred situating abstract ideas in concrete experience the things that really matter encourages the reader to participate in an open ended dialogue involving a variety of thinkers with different backgrounds and orientations lively and accessible it shows thinking as an open ended process and a collaborative endeavour that benefits from talking to each other rather than against each other featuring real conversations where ideas are explored tested changed and occasionally dropped it is thinking in motion personal yet universal

contains text of sermons delivered by m j savage and others in new york city

on january 21 2015 a pro isis twitter account reported that john maguire a 23 year old university drop out from the ottawa valley town of kemptville had been killed fighting kurds in the syrian city of kobani a few weeks before maguire had starred in a youtube video threatening canada for bombing isis forces in iraq he is one of the dozens of young canadians who have chosen to fight in a vicious

conflict that really had little to do with them and with canada why would young people choose to fight in other people s wars especially one as bloody and cruel as this one why has isis become so good at attracting foreign fighters this book examines the lure of this radical islamist movement its religious beliefs sophisticated propaganda and vast social media networks isis is now a go to cause for alienated young people in the islamic world and the west does it offer answers to troubled young people are isis s crimes slavery murder rape repression and the destruction of heritage sites an attraction in and of themselves what do we do about the people who take up isis s cause but stay in their home country what do we do with the isis recruits who come home the killing game examines what draws young men and women to join violent social political movements it looks at the psychology of young men and women today and the propoganda used by all sides in the middle east conflicts as well as the security laws and the political initiatives that have been designed to stop canadians from being radicalized from the irresistible lure of marxist leninism of the 1930s through the 60s and 70s and including the appeal of nazism to young germans in the 1930s this book also investigates what it is that draws young people to join and fight for causes as different as the spanish civil war of the 1930s and the red brigades of the 1970s but with an emphasis on the attraction of isis and radical islam in our own time
