those who advocate the traditional maximize shareholder value goal of the firm will find that position clearly presented in the 9th edition in addition to critical arguments for and against it those who advocate a multiple stakeholder approach will see that view fairly presented as well in addition to the criticisms of this approach the financial effect of the world wide covid pandemic is examined in this 9th edition both shareholder capitalism and stakeholder capitalism are critically evaluated should a company s impact on climate change be considered when corporate decisions are made if so is this a matter of self interest a desire to also consider the interests of stakeholders who are not shareholders of the firm or both the 9th edition addresses these questions there are special forms of business organization that have an explicit social welfare purpose we covered the state chartered benefit corporation and b lab certified corporation in 8e in 9e the low profit limited liability company l3c has been added business schools everywhere are emphasizing in their marketing communications their contributions to society perhaps your business school has communicated about sustainable business practices and the triple bottom line of profit people and planet finance is a discipline that has not been a significant part of these conversations it is our view that finance needs to take part but in a way that is true to our discipline ignoring these issues as most books in this market do is not the answer

the sixth edition of financial management provides students with an overview of financial management suited to the first course in finance the focus of the text is on the big picture

providing an introduction to financial decision making grounded in current financial theory and the current state of world economic conditions attention is paid to both valuation and capital markets as well as their influence on corporate financial decisions the 10 basic principles of finance are introduced in the first chapter and woven throughout the text to give students a solid foundation from which to build their knowledge of finance the goal of this text is to go beyond teaching the tools of a discipline or a trade and help students gain a complete understanding of the subject this will give them the ability to apply what they have learnt to new and as yet unforeseen problems in short to educate students in finance
