developing ideas established in the successful first edition this new version of america s war on terror updates and expands the original collection of essays allowing the reader to fully understand how the causes of the war on terror both the domestic and foreign policy implications and the future challenges faced by the united states have moved on since 2003 features include four specifically designed sections which examine the topic from different perspectives and orientations to provide a balanced and nuanced understanding of the issues new material takes into account events through the election of barack obama and potential changes in the us led war on terror four additional core chapters look at homeland security afghanistan pakistan and central asia iraq and the persian gulf and globalization all with a focus on the war on terror a robust introduction builds on the previous preface while the editors have also developed a concluding section that brings together the major themes of the work and provides an overview of future policy challenges and options the book s existing tables and appendices are also completely updated essays written from a variety of perspectives provide instructors with a useful tool to supplement course materials the book also offers the student an analytical means with which to understand the factors behind the attacks the nation s response to them and the continuing evolving impact of terrorism on domestic and international politics america s war on terror second edition will be of interest and utility to academics the general public and most significantly to students as a reader for such courses as us foreign policy international security terrorism islamic studies american politics and international relations

lieutenant general glenn a kent was a uniquely acute analyst and developer of american defense policy in the second half of the twentieth century his 33 year career in the air force was followed by more than 20 years as one of the leading analysts at rand this volume is not a memoir in the normal sense but rather a summary of the dozens of national security issues in which glenn was personally engaged over the course of his career these issues included creating the single integrated operational plan siop leading dod s official assessment of strategic defenses in the 1960s developing and analyzing strategic nuclear arms control agreements helping to bring new weapon systems to life and many others each vignette describes the analytical frameworks and where appropriate the mathematical formulas and charts that glenn developed and applied to gain insights into the issue at hand the author also relates his roles in much of the bureaucratic pulling and hauling that occurred as issues were addressed within the government

in theory this treatise should include the more than 115 countries that the united states has military presence and the central intelligence agency has operatives however that would be overstating the intention of the treatise what is endeavored here is an attempt to give the american people a short view of the involvement of america the national security agency and the central intelligence agency in world affairs it is not the intent of this treatise to be a criticism of my homeland the united states of america indeed in most countries on the globe i would be arrested jailed tortured and put to death for even attempting such a project the very fact that i can write this book and still be alive is a testament to americas unique form of capitalism

this concise and balanced account details pakistan s turbulent 73 year history of civil war military coups political assassinations wars with india cooperation with the u s during the afghan soviet war and events following 9 11 an unpredictable nuclear nation pakistan has been variously described as the center of international terrorism the world s biggest nuclear weapons proliferator the most dangerous place in the world and some experts predict the most likely site of the world s first nuclear war
