a reader friendly intelligent review that draws on a range of theoretical perspectives and will appeal to a wide range of undergraduate and graduate students robin goodwin brunel university london

the dark side of close relationships ii is a completely new and up to date version of the original volume published in 1998 featuring new topics and authors the volume showcases cutting edge work on important topics by prominent scholars in multiple disciplines it sheds light on the paradoxical dialectical and mystifying facets of human interaction not merely to elucidate dysfunctional relationship phenomena but to help readers explore and understand it in relation to a broader understanding about relationships as previous dark side investigations have revealed negative or dysfunctional outcomes can occur in relationships even though positive and functional ones are expected and at the same time positive silver linings are often found in some dark relational clouds such nuanced approaches are needed to better account for the complexity of close relationships a unique and provocative collection this volume will appeal to relationship researchers in communication social psychology family studies and sociology

each of the chapters in this reader is written by leading scholars in the area of relationships reflecting the diversity of the field and including both contemporary and key historical papers for comprehensive coverage of research

first published in 1995 routledge is an imprint of taylor francis an informa company

communication intimacy and close relationships offers an account of the nature of intimate relationships and their effects on people s self concepts the development and maintenance of intimate relationships are examined along with people s motives and goals in pursuing intimacy the nature of social exchanges in intimate relationships and the consequences for individuals who find themselves socially isolated the critical role of communication in intimate relationships is given

emphasis comprised of seven chapters this book begins with a discussion on the role of self disclosure in intimate relationships as well as the risks that individuals incur when they self disclose the next chapter presents a cognitive interaction model of the nature of intimacy and intimate relationships within the context of cognitive social learning theory and a systems theory approach to communication the effect of people s motives on relationships is then considered together with the role of two fundamental human motives power and intimacy on love and friendship the remaining chapters focus on the importance of the identification process that is how people fix their own and others identities in social interaction in developing relationships patterns of nonverbal exchange in close relationships how and why loneliness occurs and the nature of social exchange processes in intimate relationships the book concludes with an epilogue that provides a perspective on why people may find it difficult or easy to form intimate relationships this monograph should be a valuable resource for psychologists and sociologists

social scientists from various disciplines have been increasingly concerned with the nature structure and function of close relationships although most of the early work on the topic of close relationships drew attention to the development of close relationships since the mid 1970s researchers have begun to investigate the many different aspects connected to the loss of close relationships despite the change to a more comprehensive conceptual framework close relationship research is often criticized for being atheoretical the research is criticized for being purely descriptive in nature and thus lacking a more theoretical framework contrary to this belief i wish to argue that researchers in the area of close relationship loss employ several critical and prominent theoretical perspectives to describe explain and understand the endings of relationships thus the fruition of this book the major aim of this edited book is to present and illuminate within one volume some of these major theoretical perspectives the volume as a whole has several unique qualities first within each chapter the authors provide a general overview of the theoretical perspective or approach within which they examine close relationship loss

this edited collection of original chapters was written expressly for this volume and for a student audience by recognized experts in the relationships field this series of distinguished lectures or intensive classes is designed to intrigue and invite student interest and involvement seven different disciplines within the field are represented offering students a variety of perspectives courses in close relationships personal relationships family relationships marriage and family living and liking loving in departments of psychology sociology communication anthropology child and family development and counseling

a relational approach to the study of interpersonal communication close encounters communication in relationships fifth edition helps students better understand

their relationships with romantic partners friends and family members bestselling authors laura k guerrero peter a andersen and walid a afifi offer research based insights and content illustrated with engaging scenarios to show how state of the art research and theory can be applied to specific issues within relationships with a focus on issues that are central to describing and understanding close relationships while maintaining the spotlight on communication the authors also emphasize the interdisciplinary nature of the study of personal relationships by including research from such disciplines as social psychology and family studies the book covers issues relevant to developing maintaining repairing and ending relationships both the bright and dark sides of interpersonal communication within relationships are explored
